P31 global mentoring programme

WOULD YOU LIKE TO GIVE BACK BY BECOMING A MENTOR TO WOMEN AND CHILDREN ACROSS THE GLOBE?

Why a Leadership program for women of faith?

- Women make up around half of the world's Christian population
- Christian traditions differ in terms of the role that women play but more churches hold a more egalitarian view regarding women's roles in churches
- **Christianity** more than any other religion champions the role of women with **Jesus** being their greatest ally.
- As more and more women take on leadership roles, leadership skills are a must-have to avoid burnout, fallouts and church splits.
- There are several examples of biblical female leaders that 21st century women can learn from.

A photograph of two women sitting at a dark, textured table in a bright, modern office or co-working space. The woman on the left, wearing a yellow t-shirt, is leaning forward and pointing at a laptop screen. The woman on the right, wearing a black t-shirt and glasses, is also looking at the screen and gesturing with her hand. A smartphone is on the table next to the laptop. In the background, there are large windows and a modern interior design.

Incredible Action Learning Sets

Action Learning Sets uses a proven methodology to

- Encourage, support and challenge
- Build collaboration and collegiality
- Brings relevance and is powerful
- Engenders action and accountability

Action Learning Sets (ALS) comprise a small group of individuals who support and challenge each other to make progress on particular problems they may be facing or goals they need to keep. Individuals learn from each other through discussion, reflection and taking action

Sharpening your toolkit for success

A small group of women (maximum of six) are encouraged to bring a challenge, issue, idea to the forum

One person will have about 10 mins to speak about the issue and what area they would like to resolve

The rest of the group will listen attentively

After that the group will ask questions for clarification (not to give answers)

Individual who brought the issue will listen to all the questions and chose one or two which they would like to explore more as it resonated with them;

The forum is open for the group to ask additional questions to individual

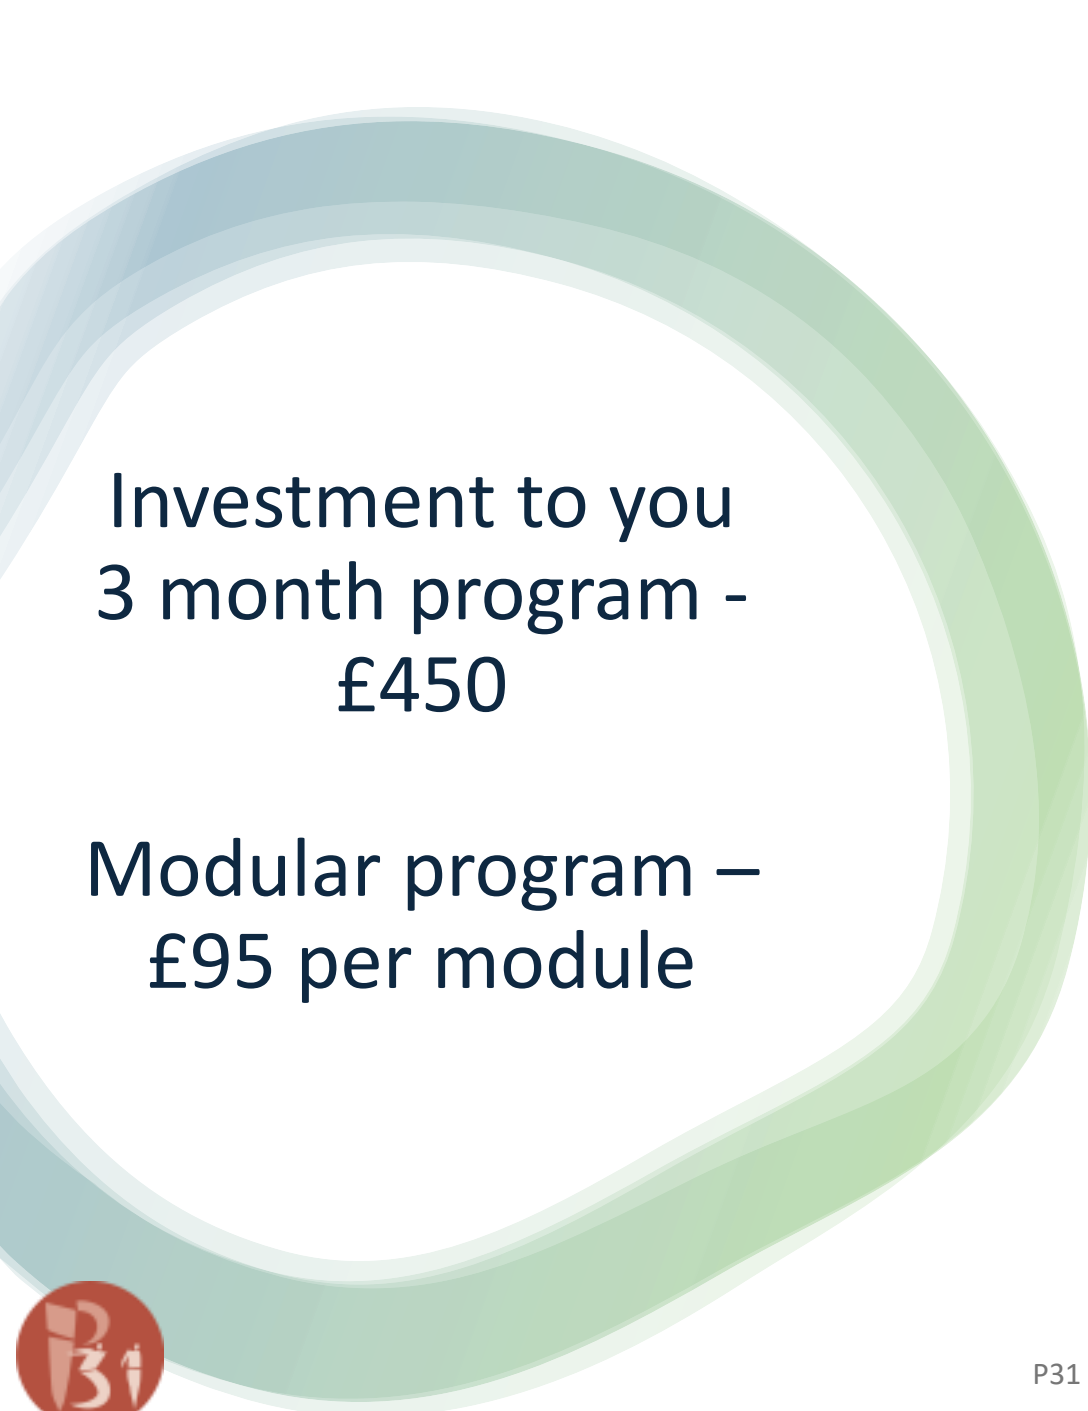

After that each group member brings a resolve to the issue and the individual who brought the challenge will listen to these to identify if any of these that you can add to your toolkit for success
